While Franciscan University's Education Program is aligned to the licensure requirements in the state of Ohio, Ohio has an agreement with the following states through the *National Association of State Directors of Teacher Education and Certification* (NASDTEC), which allows individuals who hold Ohio teaching licenses and have completed an approved teacher education program to obtain a teaching license in the state to which they are applying. Minor additional coursework may be required for full licensure. In addition, applicants must meet the testing requirements of the state to which they apply for licensure. To find additional information regarding educator license reciprocity, please visit the NASCTEC Interstate Agreement webpage (<https://www.nasdtec.net/page/Interstate>). Also be sure to visit your desired state's department of education webpage for up-to-date information. Note that candidates seeking to earn a teaching license outside the state of Ohio are responsible for educating themselves about their desired state's licensure process and requirements.
