

Franciscan University OAE and edTPA Data

The Ohio Assessments for Educators (OAE) exams are required for licensure in the state of Ohio. Specific tests are required for each licensure area, as shown in the table below. For any given test, a score of 220 and above is considered passing. Our 2023-2024 OAE data shows that for all tests, Franciscan candidates demonstrated a 100% pass rate and scored higher the state best attempt average.

The Educative Teacher Performance Assessment (edTPA) is a portfolio-based assessment used by educator preparation programs across the United States to evaluate a prospective teacher's readiness for the classroom by measuring his/her skills in lesson planning, instruction, and student assessment during the student teaching experience. Essentially, the edTPA is a way to demonstrate teaching competency through a collection of evidence like lesson plans, videoed instruction, instructional materials, assessments, student work samples and feedback. The edTPA is scored nationally by Pearson. In the state of Ohio, the edTPA is accepted in place of the Assessment of Professional Knowledge OAE exam, which all candidates seeking licensure must take. A passing score in the state of Ohio is a 37. Our annual data shows that Franciscan candidates demonstrated a 92% pass rate, with an average score of 41.7.
